

## HURRICANE HELENE AND MILTON DISASTER RELIEF

This will be TEAMefforts first summer serving at both locations in Western NC to assist with the recovery efforts of the recent hurricanes. In late September, the Western NC and Eastern TN areas were effected by catastrophic flooding and landslides. We are hopeful to play a role in the recovery efforts this summer in the mountains of Western NC!

Construction based projects include: painting, landscaping, ramps, decks, roofs, drywall, framing, sheds or insulation. Projects will be based off of the immediate need during the relief efforts. TEAMeffort will have staff on-site leading you through the projects as well as skilled help available as needed.
